COURSE HANDBOOK

Course Learning Outcomes

Details of course learning outcomes are available in the Bachelor of Arts and Bachelor of Education (Secondary) course of study handbooks.

Graduate Pathways

Students who have successfully completed this course may progress into AC's Bachelor of Advanced Studies (Honours) or one of AC's postgraduate courses. Graduates are advised to contact the Future Students Team for information on eligibility requirements for further study.

Career Opportunities

Graduates may find employment in a range of positions within the church, not-for-profit, commercial or government organisations.

Work-Integrated Learning

Work-Integrated Learning may be undertaken through various Professional Practice and Professional Experience subjects at AC. These subjects seek to create a direct linkage between the learning, skills and values engaged in lectures, and the reflection which occurs when these are applied in real-life settings. These work-based training subjects comprise of instruction, academic assessment and a placement in a workplace for each subject.

To qualify for award of the degree of Bachelor of Education (Secondary), all teacher education students will complete 4 subjects (40 credit points) of Professional Placement. In addition, the teacher education student, once admitted into the course, may apply for a Clinical Teaching Module (CTM) placement. This is a mode of study that places the student, typically one day a week in a host school under a Host Coach(es), where they can practice their new skills and understanding without the pressures of assessment. They are encouraged to seek modifications to many of their subject assignments for their CTM context and so create synergy with their CTM commitment and their academic study.

For further information related to Work-Integrated Learning please see the Professional Practice Handbook on Moodle or may contact the Professional Experience Coordinator.
